GOLF AT THE GRAND SPA RESORT A-ROSA TRAVEMÜNDE //

LÜBECK-TRAVEMÜNDER GOLF CLUB E.V. - OUR PARTNER WITH DRIVE

// This 27-hole golf course is located high above the steep banks of Lübeck Bay. This tradition-steeped club, founded in 1921, is one of the oldest clubs in Germany. The population of old trees, which on certain fairways provides a significant challenge to the golfer, means that the course has the flair of a park landscape. Typical local water hazards, alternating forests and hedgerows and cleverly stacked bunkers make this course one of the most beautiful in Germany. At many locations, the view extends far over the Baltic Sea to the coastline of Schleswig-Holstein and Mecklenburg-Vorpommern.

MARITIM GOLF PARK OSTSEE

// Play golf appropriate to your level of play on the versatile 27-hole course that is set in the midst of the Hemmelsdorfer See nature reserve, a setting of incomparable flair. The three 9-hole courses offer varying levels of difficulty and can be combined into 3 complete 18-hole courses as required. The beautiful design of the area can be traced back to the sensitivity of the famous golf course designer Christoph Städler, who has planned and designed 31 courses in Germany and abroad.

GOLF CLUB GRÖMITZ

// The Town of Grömitz offers you an excellent chance to combine the beach with a game of golf. This club, which was founded in 1989, offers a 9-hole and 18-hole golf course. Players can also find a large putting green with 9-holes for practicing and light snacks and are offered in the 'eagle' restaurant, with views of the 18th green.
